

## 5<sup>th</sup> recumbent meeting in Slovenia

15.9. - 18.9.2011

**Bring your whole family to the recumbent meeting!** Make an extended holiday with the discounted meeting price. Show the family members what it's all about - kids will love it! Those who will not cycle on group tours, can visit local family cycling routes from 5 to 40km each. For the time not on a bike you can have fun using enormous slides and swim in various swimming pools. Those who want even more can afford a sauna, spa or massages,...

We will have one long tour each day of the meeting. One will be a bit hilly – to visit Goričko region (maximum 14% inclination), one completely flat for Prekmurje and one mixed to visit Prlekija. Anyone can join and then shorten the route if desired. That's the benefit of staying in one location.

Everyone is invited to the short fun night cycling tour - bring all the lights, bells and horns you can find! Kids can ride on their own bikes. We want to be noticed! It is all about fun, no competition, just good recumbent company and beautiful nature!
